

SCIENCE

Class 7

Time: 2 hours Maximum Marks: 25

SYLLABUS: Chapters: Ch5

INSTRUCTIONS:

1. All questions are compulsory.
2. Read all questions carefully before answering.
3. Write your answers clearly and legibly.
4. Use black or blue pen for writing.

SECTION 1: MULTIPLE CHOICE

Q1. What physical changes? (1 marks)

- a) biological processes in living organisms
- b) temporary changes where no new substance is formed
- c) chemical changes that alter molecular structure
- d) nuclear reactions at atomic level

Q2. What physical changes? (1 marks)

- a) nuclear reactions at atomic level
- b) chemical changes that alter molecular structure
- c) temporary changes where no new substance is formed
- d) biological processes in living organisms

Q3. What physical changes? (1 marks)

- a) chemical changes that alter molecular structure
- b) temporary changes where no new substance is formed
- c) biological processes in living organisms
- d) nuclear reactions at atomic level

Q4. What physical changes? (1 marks)

- a) temporary changes where no new substance is formed
- b) biological processes in living organisms
- c) chemical changes that alter molecular structure
- d) nuclear reactions at atomic level

Q5. What physical changes? (1 marks)

- a) nuclear reactions at atomic level
- b) temporary changes where no new substance is formed
- c) biological processes in living organisms
- d) chemical changes that alter molecular structure

Q6. What chemical changes? (1 marks)

- a) physical changes that alter appearance only
- b) thermal expansion of materials
- c) mechanical processes involving force
- d) permanent changes where new substances are formed with different properties

SECTION 2: SHORT ANSWER

Q7. Explain: These changes can be classified as physical or chemical chan... (3 marks)

Q8. Explain: These changes can be classified as physical or chemical chan... (3 marks)

SECTION 3: LONG ANSWER

Q9. Write a detailed note on Physical changes. Include its definition, characteristics, and examples. (5 marks)

Q10. Write a detailed note on Physical changes. Include its definition, characteristics, and examples. (5 marks)
